

Chinoiserie Roombox

Supply List

- White or Tacky glue - I use Elmer's because I like the thinness of it.
- Glue for glueing plastics - something like Ultimate Glue, E6000, or G-S Hypo Cement. Not regular superglue because that will fog up the acrylic
- Paint to match coordinate with the wallpaper. I used Plaid FolkArt #2636 Villa Green
- Paint for box exterior. I used Plaid FolkArt #476 Asphaltum
- A selection of paint for the slate tiles. I use browns, beiges, and grays with a little light blue, moss green, and golden color.
- Gold Rub-n-Buff
- Gold spray paint for chandelier and sconces
- Stain for flooring - I use oil based Minwax Special Walnut in the can. The flooring is too large to use a stain marker.
- Spray Deft Satin finish
- Wallpaper glue or what ever glue you prefer for wallpaper. I just use Elmer's.
- Architectural square or triangle of some sort to use to make sure your flooring tiles are lined up correctly
- Glue Jig
- Clamps
- Ruler
- Pencil
- X-Acto Knife and NEW blades
- Sandpaper or emory board
- 000/0000 Steel Wool

Electrical Supplies Needed - can be purchased from evandesigns.com

- 2 nano or pico sized LED bulbs
- 1 nano or pico sized All Around Double LED bulb
- 1 3-volt coin cell battery holder with switch
- 1/16" Shrink tubes
